Science For A Better Life

# Internships at Bayer in Germany

## Your chance to build on your theoretical knowledge

Gaining practical experience is a valuable way to build on what you are learning at university. Bayer offers you an ideal basis for that. As an international science-based company with core competencies in the Life Science fields of health care and agriculture, we are passionate about innovations that improve the way people live in our world.

During your internship at one of our German sites, you will be given interesting insights into the world of Bayer. We offer a variety of internships for university students:

- Preparation for university courses
- Study-related internships
- Internships to write final thesis
- Compulsory work experience („Famulatur“) and practical year for pharmacists
- Legal clerkship

Find out more about our wide-ranging activities and the entry and career opportunities that we offer. At Bayer, there are plenty of possibilities to build on your theoretical knowledge and gain valuable experience to help you in your studies.

Your internship should last at least four weeks. We offer compulsory as well as

voluntary internships. The recommended length of an internship is three to six months.

### Interested in an internship abroad?

Take a look at the vacancies on our global career website at [www.career.bayer.com](http://www.career.bayer.com)

### What you offer

For an internship at Bayer you need a good study record, team spirit, initiative and communication skills. If you are applying from outside Germany, you should be fluent in English. In some departments, the ability to speak German is also very helpful.

### What we offer

Bayer offers an open and inspiring environment where you work in a diverse team with leading experts and have the opportunity to contribute your own ideas. We encourage you to question the status quo and think ahead. It takes imagination, ambition and courage to find answers to society's most pressing questions. You can network with other interns through our nationwide intern community. And naturally, you will receive appropriate remuneration during your internship.

## How to apply

Please apply online at [www.career.bayer.de](http://www.career.bayer.de). Your application should include a letter of motivation, a resume, certificates (school-leaving examination, university grades), proof of university enrollment and your university's internship regulations.

### Did you know?

Bayer is a member of the Fair Company initiative and committed to fair conditions for internships:

[www.career.bayer.de/en/faircompany](http://www.career.bayer.de/en/faircompany)

To help us to plan your internship, you should apply as early as possible, ideally six months before your preferred starting date.

### Interested?
